## ALLOPATHIC

### LIST OF INADMISSIBLE FOODS, TONICS TOILETS AND MEDICINES\*

#### IMPORTANT INSTRUCTIONS

**1. List of inadmissible allopathic medicines — illustrative only.**— It has been decided that the list of items of allopathic medicines specified in Schedule I and Schedule II of the Rules may be treated as illustrative only indicating ineligible medicines/preparations or expensive drugs. The AMA may take a decision whether a particular new medicine or preparation falls under any of the broad categories specified in Schedule I or Schedule II and shall so certify whereupon the cost of such medicines may be reimbursed. No references as to the admissibility of medicines will be entertained by the Ministry of Health.

[ G.I., Min. of Health and Family Welfare, O.M. No. S.14025/67/84-MS, dated the 24th October, 1986. ]

**2. It has been decided to allow the following medical preparations for reimbursement under the CS (MA) Rules, 1944, in specific cases:—

- (a) Vitamins A and D drops for developing and growing children of 0-5 years.
